Menlo College Student Right-to-Know Act Graduation Rate Report

In accordance with the Student Right-to-Know and Campus Security Act of 1990, Menlo College is pleased to share with you the following information on the graduation rates of our Fall 2012 cohort of full-time, first-time, degree or certificate seeking undergraduates.

As reported in the IPEDS graduation rates survey (GRS), during the Fall 2012 semester, 148 first-time, full-time, degree-seeking undergraduate students entered Menlo College. 59% of these students had graduated from Menlo College within 150% of the normal time to complete their degree (as of August 31, 2018). For additional information, please contact: Keith Spataro, Vice President of Enrollment and Athletics, at Keith.Spataro@Menlo.edu or 650-543-3853

N/A indicates that no students were in this category. Data were reported to IPEDS April 2019.

While reviewing this information, please keep the following in mind:

- All graduation rates are based on up to 6 years of attendance for bachelor's programs, which equates to 150% of the normal completion time.
- We have elected not to report transfer-out rates because our College's mission does not include providing substantial preparation for students to enroll in another eligible institution without completing or graduating.

LET'S REWIND A BIT ...

How does this information get posted?

- In the Registration -- IPEDS requests the website URL that provides the institution's student right to know data for athletic graduation rates.

WHAT IS REQUIRED UNDER STUDENT-RIGHT-TO-KNOW?

- Although many institutions are unaware of it, the federal government has required publication of athletic graduation rate data for decades under the Student-Right-to-Know Act (based on Federal Regulation 34 CFR 668).
- IPEDS used to collect the athletic data through 2006-07 Data Collection.

Archived Changes

Changes to IPEDS Data Collections, 2007-08

The following changes have been approved by the Office of Management and Budget (OMB), to be effective with the 2007-08 IPEDS data collection. Most of these changes will be optional for 2007-08 IPEDS, and mandatory for 2008-09 IPEDS; see specific items for exceptions.

Graduation Rates (Spring collection)

- › Eliminate Sections V and VI that collect data on students receiving athletically-related student aid. Institutions will no longer be required to report these data to IPEDS, but WILL still be required to disclose these data, as specified in the Student Assistance General Provision Regulations (34 CFR 668) implementing the Student Right-to-Know Act. An item for institutions to report the URL used for disclosure has been added.

WHAT IS REQUIRED UNDER STUDENT-RIGHT-TO-KNOW?

- A number of data elements for the SRTK Athletic Disclosure Report comes from IPEDS, including:
 - ✓ Graduation/Completion Rates by gender, ethnicity, and financial aid categories (Pell grant recipient, FFEL or direct loan recipient, neither Pell grant nor FFEL or a Federal Direct Loan Recipient).
[Graduation Rates Survey]
 - ✓ Most recent Fall enrollment by gender and ethnicity. ***[Fall Enrollment Survey]***

WHAT IS REQUIRED UNDER STUDENT-RIGHT-TO-KNOW?

- If your institution is part of the NCAA, data may be able to be used for the SRTK disclosure. More information about NCAA Academic Performance Program Data Collection Guides is available at:
<http://www.ncaa.org/about/resources/research/graduation-rates>

NA indicates that no students were in this category. Data were reported to IPEDS April 2016.

While reviewing this information, please keep the following in mind:

- All graduation rates are based on up to 8 years of attendance for bachelor's programs, which equates to 150% of the normal completion time.
- We have elected not to report transfer-out rates because our College's mission does not include providing substantial preparation for students to enroll in another eligible institution without completing or graduating.
- These charts do not identify the reasons why our students withdrew; therefore, students who withdrew for personal or medical reasons are included.
- Graduation rates do not include students who left school to serve in the U.S. Armed Forces, on official church missions, or with a foreign aid service of the federal government, or students who died or were totally and permanently disabled.

QUESTIONS & COMMENTS FOR CONSIDERATION

- Did your sample institution meet the SRTK for athletic graduation rates requirements?
 - Link?
 - Provide athletic graduation rates?
 - Was all of the information included in the report?
- Share with colleagues, other IPEDS keyholders and contributors
- The SRTK link is on each institution's College Navigator website.

COMMON ISSUES AND RESOLUTIONS

Don't get comfortable when completing surveys because of last year's survey success!

- Read the instructions before completing the survey. For example, in the Completions survey this year, the following changes were made:
 - Certificates of less than one academic year in length
 - Change to distance education question
 - Terminology for "formal award" and "contact hour"
 - Exclusion of students receiving Experimental Pell

COMMON ISSUES AND RESOLUTIONS

Validate the data!

- Are the institutional characteristics correct?
 - Data from the Completers survey is based on the institutional characteristics.
 - Incorrect program information leads to incorrect completers information.
 - Are there any new programs which should have been added to the institutional characteristics survey? Should there have been changes?
- Validate the data!
 - Count students once regardless of how many awards were earned.
 - Social security numbers don't change; student IDs may change. Which one can you use for validation?
 - Don't rely 100% on outside company to compile your data or complete your survey!

COMMON ISSUES AND RESOLUTIONS

Resolve errors!

- Are the institutional characteristics correct?
- What 
 - This error requires explanation or confirmation.
 - Check your data and data entry for possible errors.

COMMON ISSUES AND RESOLUTIONS

Resolve errors!

-  The error of doom ... or is it?
 - Fatal error which requires a call to the Help Desk
 - But first!
 - Check for data entry errors.
 - Ensure data are compiled correctly. Example: Does the cohort only include full-time/first-time students which skews the number of students?
 - Don't assume that one set of data is good for other surveys.
 - Read the instructions.

FINANCE

ERIC ATCHISON

ERIC ATCHISON

- Vice President for Strategic Research
- IPEDS System Coordinator & Keyholder
- Helping people understand data use

OVERVIEW

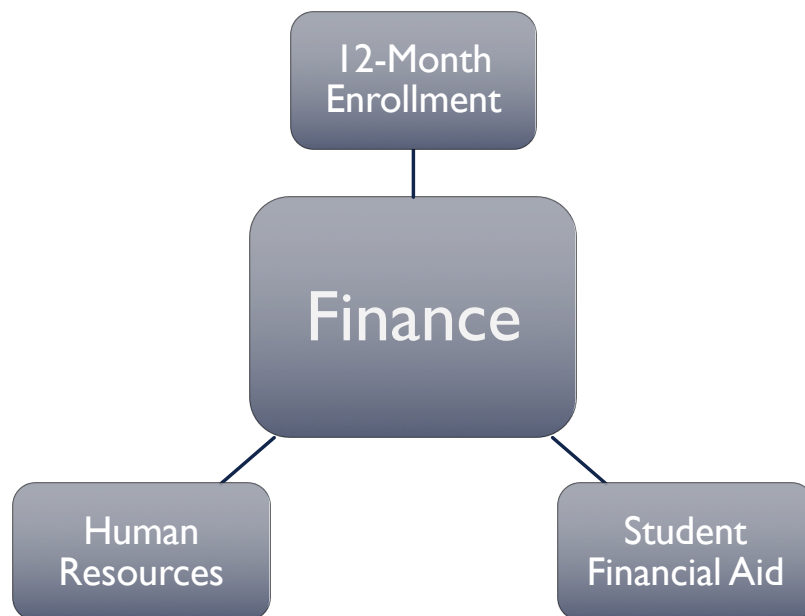

■ Finance collects

- Revenues by source (e.g., tuition & fees, auxiliary, state/federal grants)
- Expenses by function (e.g., instruction, research, public service) or by the nature of the expense (e.g., salaries & wages, fringe benefits)
- Unfunded pension information (for GASB-reporting institutions)
- Endowment assets
- Parent / child relationships

■ Institution's Fiscal Year

- Ending on or before October 31st
- Data are collected based on accounting standards for institutional business practices
 - Not all public institutions report using GASB

RELATIONSHIP WITH OTHER SURVEYS

- Commonly used to contextualize expenditures or revenues per:
 - 12-month FTE student enrollment
 - FTE faculty, management, other staff categories
- Provide additional information with SFA regarding scholarships and fellowship revenues.

COMMON ISSUES AND RESOLUTIONS

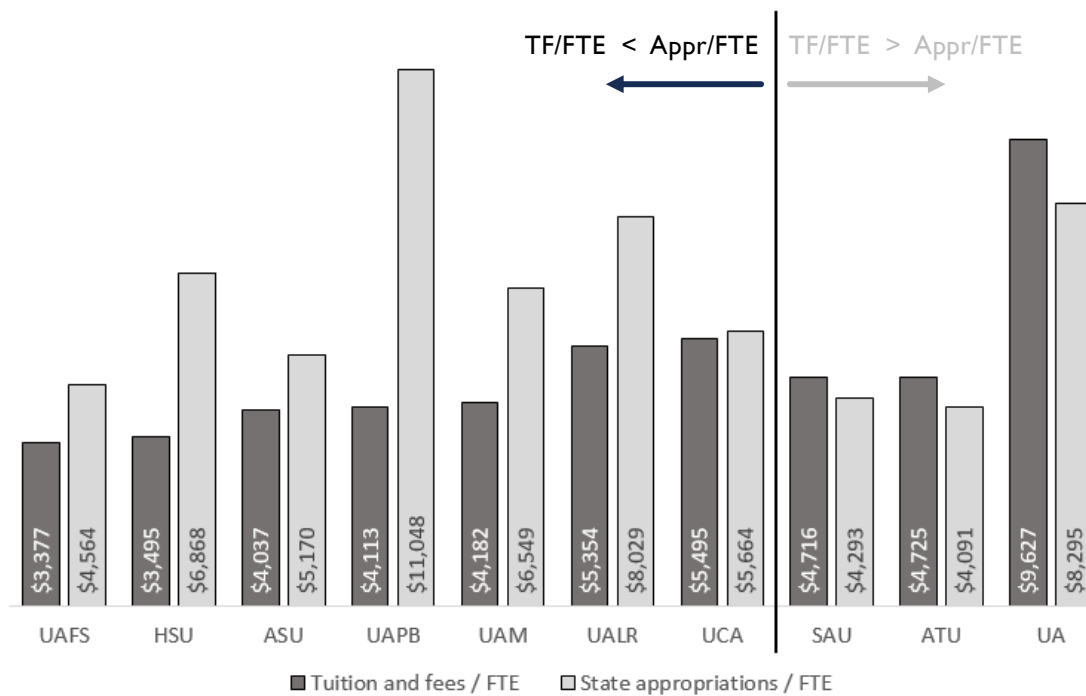

- General:
 - Many values reported are expected to be within 50% of the prior year.
 - If the Prior year amount reported is greater than 0, then the current year value may NOT be equal to that amount.
- Scholarships & Fellowships:
 - If your institution is NOT an administrative office, then the value reported for Pell grants is expected to be greater than 0.
 - A value is expected to be entered for Grants by state government (GASB).
- Nonoperating Revenues:
 - The value reported for Federal nonoperating grants is expected to be greater than or equal to the amount reported for Pell grants in Schol. & Fell.
 - 12-month Student FTE from the current year 12-month Enrollment survey is displayed after saving to calculate the Total operating and nonoperating revenues per student FTE

LOOKING AHEAD

- FY 2020 data reporting changes including:
 - New screening questions to determine where/whether institutions will report intercollegiate athletics revenues.
 - Sources of discounts and allowances and where the amount is applied (e.g., tuition & fees)
 - Items explaining the change to the institution's endowment (e.g., new additions, net investment return)
 - Items regarding financial health
