

# 2021 AIR National Survey of Institutional Research Offices

## Survey Data Report by Hispanic-Serving Status

ASSOCIATION  
FOR INSTITUTIONAL  
RESEARCH

**Response Rates**

The 2021 AIR National Survey of IR Offices attempted to survey IR office leaders at more than 3,000 postsecondary degree-granting institutions. Institutions of all sectors, types of control, and sizes were included in the sample. In total, responses were collected from 1,142 institutions, and 554 of those institutions completed the survey in full. To ensure comparable results, incomplete responses are excluded from this report. In addition, responses from for-profit institutions, administrative units, international institutions, private not-for-profit 2-year institutions, and institutions in U.S. territories are excluded due to low response rates.

The findings presented in this report are based on 520 responses that represent U.S. postsecondary, degree-granting institutions at public 4-year (146 institutions), public 2-year (125 institutions), or private not-for-profit 4-year institutions (249 institutions).

**Report Structure**

This report has six sections:

Section 1: Office Structure

Section 2: Staffing the Office

Section 3: Evaluation of Office

Section 4: Data Use, Literacy, and Capacity

Section 5: Maturity of the Data Environment

Section 6: Office Work
